THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of New Ipswich in the
County of Hillsborough in said State, qualified
To vote in Town Affairs:

You are hereby notified to meet at Town Hall in
said New Ipswich on Tuesday, the eighth day of
March, next, at ten of the clock in the forenoon, to act
upon the following subjects:

1. To choose all necessary Town Officers for the
year ensuing.

2. To see if the town will vote to accept the budget
to raise as estimated therein the necessary funds to
transact the town's business for the ensuing year.

3. To raise such sums as may be necessary to de-
fray town charges for the ensuing year, and make
appropriations for the same.

4. To see if the town will vote to raise and appro-
priate \$1200.00 for a resident physician.

5. To see if the town will vote to authorize the se-
lectmen to borrow money in anticipation of taxes.

6. To choose one member of the Electric Light
Commission for three years.

7. To choose one member of the Trust Funds
Committee for three years who will also serve as
Trustees Spaulding School Fund.

8. To choose a committee of three for Memorial
Day.

9. To choose a committee of three for the Baseball
Field Committee.

10. To see if the town will vote to authorize the se-

lectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.

11. To see if the town will vote to raise and appropriate the sum of \$145.00 (1/100th of 1% of the valuation of the town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the town, in cooperation with the other thirty-seven towns of the Monadnock Region.

12. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

13. To see if the town will raise and appropriate the sum of \$681.05 for T. R. A. By doing so the State will contribute \$2724.19.

14. "To see if the town will vote to authorize the selectmen of the town to appoint a Committee, consisting of five (5) members, to make preliminary plans for the observation of the Two Hundredth Anniversary of the incorporation of the Town and to report at the annual meeting of the town at the March meeting in 1950 or take any action thereon."

15. To see if the town will vote to raise and appropriate the sum of \$2500.00 to repair and oil the Appleton Road from the State Road to the residence of Matti Maki or take any action thereon.

16. To see if the town will vote to take the T.R.A. money for this year and use it to widen, repair and gravel the road from Smithville past the old Goen place to Ashby State Road and then raise and appro-

priate the additional sum of \$1700.00 to oil same road or take any action thereon.

17. To see if the town will raise and appropriate the sum of \$5000.00 to purchase fire-fighting equipment, such as extra hose, tank wagon and/or a second hand fire-fighting truck; or take any action thereon.

18. To see if the town will raise and appropriate the sum of \$1000.00 to be used in the development, maintenance and supervision of the recreation field or take any action thereon.

19. To see if the town will vote to raise and appropriate the sum of \$1000.00 to construct fire water holes for the protection of several sections of the town or take any action thereon.

20. To see if the town will vote to raise and appropriate the sum of \$2000.00 to widen where needed, gravel and oil the road from Fletcher square continuing the same width and construction where left off, towards Binney Hill by Lennox's pond or take any action thereon.

21. To see if the town will vote to raise the pay of town laborers to 85 cents per hour or take any action thereon.

22. To see if the town will vote to raise and appropriate the sum of \$1500.00 to continue repairing of road leading from State Road to residence of Waino Maki. To continue widening where left off last year and to gravel same road or take any action thereon. The money to be taken from T. R. A.

23. To see if the town will appropriate a sum of money sufficient to black top the highway through Bank Village starting at approximately the Boucher property and continuing through the village along the road to Gibson Four Corners as far as the corner

of the road leading to W. E. Preston's house; also to black top for a short distance so as to prevent washing of the hilly part of the road leading from Currier property to the Packard property and from the Packard property down the hill to the property of T. C. Hurd or to do anything about either of these two requests or take any action thereon.

24. To see if the town will vote to prohibit the use of public property or grounds by any private individuals, group or organization if such group or organization proposes to charge admission fee to residents of town for entering upon such public property or grounds during the period of its use when such group proposes to keep the funds thereby obtained for its own private treasury.

Individuals or private groups shall be permitted to use public property or grounds and establish admission charge only when the funds so obtained are to be donated to an approved charity or public benefit.

25. To see if the town will raise and appropriate the sum of \$2500.00 to continue capping and oiling the Page Hill road where left off last year. Part of said money to be used to oil repaired hill section between the residence of Nicholson Proctor and Oliver Neimi to preserve work done last year or take any action thereon.

26. To see if the town will vote to extend the electric line from its present location in Smith Village to the residence known as Maxwell Lodge. It is the intention of the petitioner, Grant Maxwell, to build on this property if electric power can be assured. The petitioner agrees to furnish labor necessary to dig post holes.

Given under our hands and seal this 14th day

of February, in the year of our Lord nineteen hundred
and forty nine.

WALTER S. THAYER,
THOMAS W. PARHIALA,
DAVID ROGER,
Selectmen of New Ipswich.

DAVID ROGER, WALTER S. THAYER, WILLMORE D. ASHLEY, Trustees of Trust Funds.

I have examined the above record and found it correct and in agreement with the record of the various Bank books.

MATTI P. AHO, Auditor.

CLINIC AND CONFERENCE REPORT

A Child Health and Immunization Clinic was held in the Grade School at New Ipswich on the morning of June 22, 1948, with Clare G. Cayward, M. D., and Harlan Karr, M. D., as examining physicians.

There were twenty-five children under school age examined, and their corrective needs discussed with the accompanying mother.

Six children were vaccinated against smallpox and ten children were given a booster dose of toxoid against diphtheria.

Mrs. Irene Birchall, R. N., gave twenty-seven patch tests, and each child showing a reaction was visited, and arrangements made for chest X-rays. Also each child needing a correction was visited and their needs discussed with the parents.

Sybil Beatham, R. N., and Marie Fahey, R. N., helped in the Clinic Rooms.

Under the chairmanship of Mrs. Emile Saari, Mrs. Helen Haski, Mrs. Doris Hill, Mrs. Aile Aijala and the Misses Helen and Mary Thayer assisted in the details which go to make a successful Clinic.

MARIE FAHEY, R. N.,
State Nurse.

EMIL SAARI, Treasurer,
New Ipswich Recreation Committee.

Recreation Committee

With the completion of two years of its existence, the Recreational Committee looks back with considerable pride and a few minor misgivings on the progress made at the Recreation Field during that time.

Following the drive to raise funds which allowed us to purchase the field in the summer of 1947, the first ground was broken for what will eventually be an excellent baseball diamond. It was nearly completed

that fall and was made ready for play before Memorial Day 1948.

The field was enhanced by the erection of two dugouts for the players, the materials being furnished by the Sportsmen's Club and the construction was by members of the team, carpenters and interested townspeople, all of whom gave their services free.

Although we were delayed in the early summer of 1948 by the constant rainy weather we were aided no end by the proceeds of the second annual Street Fair, which allowed us to begin construction of the new swimming pool, the dimensions of which are 40 by 70 feet.

We were discouraged by competent engineers and architects with whom we talked when they learned our meager budget with which we hoped to construct the pool. Their estimates of a cement pool of comparable size ranged from \$20,000 - \$25,000.

However, work was begun, the excavation was completed. Then, the cement work began and required three week-ends. The response to our call for volunteers was excellent and most gratifying, and all the cement was poured at little cost because services were given entirely free.

The floor of the pool which has not been completed but is gravel, will remain that way throughout the first summer but any suggestions or recommendations for permanent flooring in the near future will be readily accepted by the Committee.

With the construction of the baseball diamond and the swimming pool, the two largest items in the proposed field, will have been completed and, of course, at a cost much greater than anticipated for other future developments.

However, the Committee decided on this course because they received more inquiries from the townspeople regarding their construction than for any other

proposed development. This coming summer we hope to develop the children's area, a softball diamond and possibly tennis courts.

We are deeply indebted and profoundly grateful to all those who contributed financially to the projects: to the chairmen and committeemen, who made two Street Fairs so successful: to the committee of women, who gave freely of their skill and services to provide a dinner for the men who worked at the field: to the Finnish Church which willingly offered its facilities so that the dinner might be given: To Appleton Academy for the use of its grounds for the Street Fairs: to all the men and boys who gave their time and services freely to pour cement: to the New Ipswich Construction Co. for use of its equipment: to all those who contributed trucks: to the New Ipswich Light Department for contributing its services in making it possible to use power equipment at the pool: to those who contributed gas and gas cutting equipment: to the United Cooperative in Fitchburg for their assistance in securing reinforced steel for the pool: to Mr. Smith, the United Cooperative engineer, who gave us much valuable technical advice and suggestions and to anyone who contributed in any way.

We cannot praise too highly the unselfishness and cooperation of everyone who helped, or are helping, to make the Recreation Field a realization rather than a dream.

C. G. CAYWARD,
LESTER BATCHELDER,
LINA KORPI,
HJALMAR MAKI,
EMIL SAARI.

SCHOOL DISTRICT OFFICERS

	<i>Term Expires</i>
Moderator, Mr. Willis Mansfield	March, 1949
Clerk, Mr. David Roger	March, 1949
Treasurer, Mrs. Evangeline Aho	June, 1949

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District at the town of New Ipswich, qualified to vote in district affairs:

You are hereby notified to meet in the Town Hall in said district on the 8th day of March, 1949, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
- 3a. To choose a Member of the School Board for the ensuing three years.
- 3b. To choose a Member of the School Board for the ensuing one year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue

and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the School Board to enter into a new contract with the trustees of Appleton Academy for the tuition of New Ipswich pupils for the sum of \$8500 annually.

10. To see if the district will vote to raise and appropriate a deficiency sum of \$1300 to defray emergency expenditures on transportation and teaching services for the current year.

11. To see if the district will vote to raise and appropriate a sum of money not to exceed \$25,000 for the purpose of constructing and equipping a two room addition to the present elementary school building, and to authorize the school board to issue serial notes or bonds in the name of and on the credit of the district for this amount in accordance with Chapter 72, N. H. Revised Laws, subject to any state or federal grants available in the future and applicable to this article.

12. To see if the district will authorize the school board to engage an architect, to study plans and carry through to completion the addition proposed in Art.11.

Given under our hands at said New Ipswich this ninth day of February 1949.

EMIL SAARI,
MATTI P. AHO,
MABEL M. ALDRICH,
School Board.

SCHOOL BOARD'S ESTIMATE FOR 1949-50

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1949.

Support of Schools

Teachers, salaries	\$15,750 00

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of New Ipswich, of which the above is a true summary for the fiscal year ending June 30, 1948 and find them correct in all respects.

MATTI P. AHO,
Auditor.

July 13, 1948.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of New Ipswich:

I respectfully submit my second annual report as your Superintendent of Schools.

Better Education

Better education is the basic need of a free democratic society. We shall remain a free and strong nation only if we have enough free and competent people. The perpetuation of the American way of life requires citizens who understand and love it and are willing to live fervently in accord with it.

Better education cannot be obtained through the efforts of a single agency or group of people. It demands the full cooperation of an informed, educated citizenry; the support of courageous, enlightened school committees; teachers who have a broad cultural background and who understand the needs of the community, and administrative officers who are willing to interpret the needs and power of education and to bring about a working relationship between the people and their schools.

An informed citizenry is one who is aware of pending legislation, both state and national, that will affect education. An informed citizenry will know the policies of the schools and will take an active part and share in the building of wholesome school and community relationships.

A courageous school committee is one that stands firm for the welfare of the children; insists on securing a good professional staff; insists upon adequate and modern tools of learning and promotes sound and educationally defensible school budgeting which will give unqualified opportunities to children.

The good teacher is a growing teacher, and one who can adequately interpret and present the methods and procedures used in effectively teaching the children

under his or her influence. The effective teacher is one who establishes and maintains good esprit de corps among the pupils and parents.

Effective administrative officers should accept the responsibility for providing the best personnel possible and to provide materials and supervise a balanced educational program that will help boys and girls develop wholesome personalities and the ability to effectively participate in the democratic way of life.

Thus, all must work side by side to establish schools equal to the challenge of our times. As this is done we shall not only have better schools and better communities, but in the process we shall become better people.

Teacher Improvement

A. Extension and Summer Courses.

During the past two years the teachers have been encouraged to improve themselves professionally. To assist in this professional improvement an extension course was held during the late fall and winter of last year. This course was organized through the cooperation of Keene Teachers College and held at Wilton. The area studied was Social Studies in the Elementary Field. The teachers attended this class once a week for fifteen weeks. The purpose of the course was to re-evaluate the offerings in the area of social studies in the elementary school and to develop units of work that would be applicable to their own teaching situations.

Much excellent work was accomplished and the social studies program throughout the Union has taken on new zest and interest.

Many of the teachers who did not attend this course have taken summer school work. It is interesting to note that 76% of the teachers in Supervisory Union No. 63 have either attended summer school or taken extension courses in the past year and a half.

The instruction we are receiving reflects the interest of the teachers in self-improvement.

B. Art Workshop.

In October, all of the teachers in Supervisory Union No. 63 met in Wilton to engage in a three day art workshop. This workshop was organized through the co-operation of the State Department of Education, who in 1947, added a Director of Fine Arts to its staff.

The workshop was established for the purpose of teacher-improvement in the field of art, so that they might go back into their classrooms and re-vitalize their work, thereby making their courses more interesting to the pupils.

The ideas presented dealt with the basic principles of art education in relation to general education. No "bag of tricks" was presented to the teachers. An effort was made through lecture, discussion, demonstration and participation to show the teachers that art is a means of expression and is dependent upon increased powers of imagination, observation and organization.

The teachers returned to their classrooms and applied their learnings to literature, science, health, social studies, etc.

In January 1949, a follow-up program of two days was held, in which the teachers came together for the purpose of discussing their successes and failures, to learn new techniques with different art media, and to present the results of their past two months work.

The results were exceedingly gratifying. Inventive and creative drawings and paintings, the result of the child's problem-solving, took the place of the many color books and patterns that have a tendency to limit the inventive nature of the child. This creative and imaginative freedom in art may account for the school yard being raked and planted with grass and shrubs or the interior of the school painted with stimulating,

although restful colors, rather than the customary brown and buff.

A marked change in art teaching procedures has been recognized throughout the Union. To be sure, an art workshop cannot be expected to take the place of a good art supervisor who gives regular help to teachers, but it is a welcome and very worthwhile substitute.

School Enrollments

No report would be adequate unless some mention was made of the school enrollment trends in the next few years. This problem is not only a national and state problem but it is one that is going to definitely affect many local communities and budgets within the next few years.

This year we have approximately 18.6 million children in the elementary schools. In two years we may expect 20 million and in four years, 22 millions. It is estimated that by 1957 we shall have 26.6 million children in the elementary schools, 8 million more than the 18.6 as of now .

High school attendance will perhaps diminish slightly in the next three years. This is probably due to the low birthrate in the early 30's. However, high school enrollments will gradually increase through the 50's so that by 1960, there will be 8.1 million high school children as compared with the present 6.3 million.

Local conditions vary somewhat from this, particularly if the high schools include grades 7 and 8.

Following is a study of the local school enrollment based upon the Census reports of September 1948:

Year	Grades							Center School							Grades - Academy							Total
	1	2	3	4	5	6	Total	7	8	9	10	11	12	Total	1	2	3	4	5	6	7	8
1948-49	29	11	23	17	15	14	109	9	17	7	8	17	4	62								
1949-50	26	29	11	23	17	15	121	14	9	17	7	8	17	72								
1950-51	15	26	29	11	23	17	121	15	14	9	17	7	8	70								
1951-52	23	15	26	29	11	23	127	17	15	14	9	17	7	79								

1952-53	20	23	15	26	29	11	124	23	17	15	14	9	17	95
1953-54	24	20	23	15	26	29	137	11	23	17	15	14	9	89
1954-55	35	24	20	23	15	26	143	29	11	23	17	15	14	109

These enrollments pose problems for local communities. For some it will mean considering construction of additions, or new schools, or entering into a cooperative school program. For others it may mean utilizing present buildings within the community, as an emergency measure, to house the expanding school population.

What ever measures are taken, it should be noted that a school is more than four walls and a roof. Today's education demands spacious rooms, well lighted and attractively decorated with ample playground area adjacent to or as near to the plant as possible. Classroom activities are no longer built around a fixed chair, desk, paper and pencil program. The activities are based upon the philosophy of learning by doing and living by acting.

As new or additional classrooms are being set up the problem of more elementary teachers presents itself. We see no relief in sight in so far as the supply of elementary teachers is concerned. It is estimated that the normal number of new teachers needed in the elementary field in New Hampshire is approximately 150. Next year, according to latest reports, the two New Hampshire Teachers Colleges, namely Keene and Plymouth, will be graduating a total of 25 elementary teachers. For years we have been able to press into service married women, who for one reason or another dropped out of teaching, and women who have retired and have again made themselves available for teaching positions. It appears that this supply is fast becoming exhausted.

Our only hope is to recruit more young people into teaching. We must make teaching attractive enough in terms of salary, living conditions, and working con-

ditions so that young people will be encouraged to enter this profession. Until this is done we may find ourselves "keeping school" rather than "teaching school."

BUDGET

The budet presented for 1949-50 calls for an assessment of \$31,670.14, an increase of \$10,385.14 over last year's budget. The increases are reflected in the following items. Teachers' salaries \$5,680, fuel \$300, transportation \$300, tuition \$2200, new equipment \$975, supervisory and administrative services (set by Supervisory Union Boards) \$317.89, minor repairs and expenses \$300, alterations (landscaping) \$200, miscellaneous \$12.25.

The sum of \$5892.89 is attributed directly to any new construction that may be added to the present Central School Plant. This involves the addition of two teachers to the faculty, additional fuel, new furniture, expenses of supervision and administration and landscaping.

The increase of \$400 for transportation is due to the nessity of providing transportation for more pupils, thus making it necessary to retrace certain areas of the present bus routes.

The request of an additional \$300 for minor repairs and expenses is for the purpose of sound-proofing the floor between the basement and the first floor.

The increase of \$2200 in tuition is requested for the purpose stated in Article 9 and to provide for the tuition of three children who are attending the elementary school in Greenville.

The remaining sum of \$1592.25 is to provide for the normal increase in salaries; instructional services rendered by the faculty of Appleton Academy and for miscellaneous items such as janitor services, special activities, etc.

Special Articles

Article 9 is a request to enter into a new tuition contract with Appleton Academy for the sum of \$8500. The limited income of Appleton Academy plus the increased costs of operating, made it necessary for the trustees of Appleton Academy to increase its tuition rate to all towns who are sending pupils there.

Article 10 is a request for a deficiency sum of \$1300 for the purpose of defraying emergency expenditures over and above the School Board's estimated budget of 1948-49.

These emergencies consisted of employing a part-time teacher at a cost of \$800 to eliminate congestion in the primary and middle room of the Central School and to provide the type of education that is necessary and desirable.

The second emergency expenditure was for the purpose of providing transportation as required by law, in excess of that called for by the present contract. With larger enrollments in our school this year, it became necessary to transport more children. Since the capacity of the bus could not accommodate all in one trip, it was necessary to retrace certain portions of the bus route. The sum of \$500 was expended for this purpose.

Article 11 is a request to issue serial notes or bonds on the credit of the district for the purpose of constructing and equipping an additional two rooms. These two rooms are to be added to the present Central School Plant if the School District so desires.

A study of the enrollment survey will reveal the need for additional classroom space.

Article 12 is a request to permit the School Board to carry out the intent of Article 11, if it is passed.

Respectfully submitted,

NEWELL J. PAIRE,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

Superintendent, School Board Members
and Citizens of New Ipswich:

I hereby submit my annual report as School Nurse
in the New Ipswich Public Schools from September
1948 to January 31, 1949:

Visits made to schools 8

Visits made to school with doctor 2

Work in Schools:

Group audiometer tests

Examination of pupils for symptoms of com-
municable disease

Weighing and measuring children

Assisting doctor in examination of children

Physical defects found:

Tonsils 22

Eyes 1

Respiratory tract disease 1

Infected glands 3

Scabies 1

Pediculosis 8

The parents of the children have cooperated with
the school nurse in the control of pediculosis.

In January there were many cases of measles but
were confined for the most part to the first grade.

Respectfully submitted,

SYBIL M. BEATHAM, R. N.

KEY TO INVENTORY

* indicates poll tax payer. Where this is the only tax, it is carried in the column showing taxes paid. Where there is a property tax as well, the total of the property tax plus the poll tax is shown.

(S) indicates a serviceman.

† indicates no poll tax is required.
